

INTERESTED IN WATCHES AND HOW THEY WORK?

Learn about the history and engineering of quartz and mechanical watches with a one-day beginners' course at the BHI.

Tuesday 25 and
Wednesday 26 April 2017

The course covers:

- History of the wristwatch
- Basic principles of watches
- Horological terminology
- Watch repair tools and use
- Hands-on basic maintenance

£99.00/Day including refreshments and lunch. Places are limited so early booking is advisable.
