LEARN FROM HOME

The BHI distance learning courses (DLCs) will help you acquire new knowledge and skills. Knowledge and skills that can help you gain globally recognised qualifications and set you on the path to becoming a professional clock or watchmaker.

These constantly updated courses are tried and tested and have helped guide many students into the profession. But, if horology is simply your hobby or an enjoyable pastime, you can also use the courses to satisfy your own personal curiosity about timepieces.

Our courses provide home study material required in order to gain nationally accredited qualifications, designed in consultation with, and recognised by, the horological industry.

Distance Learning Courses, from £599.00.

Further details are available on our website: www.bhi.co.uk.

“The BHI Technician Grade Distance Learning Course was, for me, both a very enjoyable experience and an enlightening introduction to horology with many new skills acquired along the way.”

Zen Chowanec,
Winner of the Malcolm Barratt Prize
